DETAILED ACTION

- This action is responsive to the following communication: Amendment After Final filed on 8/17/05.
- Claims 2-11, 13-14, 16-17, 24-31 are pending; claims 1, 12, 15, 18-23 have been canceled.

Allowable Subject Matter

Claims 2-11, 13-14, 16-17, and 24-31 are allowed; renumbered as claims 1-22.

The following is an examiner's statement of reasons for allowance:

The cited prior arts (US 6573927 to Parulski, and US 6453071 to Ito et al) fail to teach and/or suggest a print designation file having the print designating information further includes scene specifying information for specifying a subject scene to be printed in the moving image file (i.e. AVI or MPEG file) and taking the image data file out of the subject scene in the moving image file in accordance with the scene specifying information and in combinations of other features in the claims" as cited in renumbered independent claims 1, 11, and 13-14. Parulski teaches a print designation file for specifying a copy of still image to be printed as shown in columns 7-8, but fails to teach and/or suggest a print designation file including a scene specifying information for designating a certain scenes/frames to be printed in a moving image (i.e. indicating a frame and/or scene to be printed in a moving image file such as AVI or MPEG). The examiner found neither prior art cited in its entirety, nor based on the prior art, nor found any motivation to combine any of prior arts that teaches the above limitations and in combinations of other features as cited in renumbered independent claims 1, 11, and 13-14.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
